HUD may take action against Pahokee Housing Authority

By Bill Phillips

Staff reporter

Pahokee's Mayor Ramon Horta and Pahokee Housing Authority Board Chairman, Esther Boyd were told Tuesday that Housing and Urban Development (HUD) is considering action against their current board if they continue to try and keep Randy Mills as executive director.

At HUD's recommendation Mills was placed on leave with pay while he awaits a second hearing from the main office of HUD in the State of Florida.

It is unclear when he had his first hearing as details have been sketchy coming from the local Housing Authority during the past two months.

According to Mayor Horta, Jim Chaplin, regional manager for the Department of Housing and Urban Development, told him and Director Boyd he would prefer that the current board deal with the situation but he could pull rank and stop the board from dealing with HUD monies. Chaplin

said he would do just that if necessary.

Mr. Chaplin drove to Pahokee Tuesday to tell officials in person, HUD would not back down on this issue. Mr. Chaplin said that Mills had agreed never to work there again and still owes HUD \$14,000.

Attorney Jacob Rose filed a Circuit Court complaint for Mills on Tuesday asking that a judge determine whether it can fire Mills, who is under a one-year contract. Mr. Rose is hopeful that the judge will agree that Mills' agreement he signed in 1989 in which he agreed never to seek employment at the authority will not stop him from working for the authority.

Members of the board on the local Authority hope such a ruling could persuade a federal administrative law judge to let them keep Mills on as Executive Director.

Mayor Horta said he would

Teets resigns from Chamber

Starts new job with City on Monday

By Brenda Bunting
Editor

After five years as Executive Director for the Belle Glade Chamber of Commerce, Sue Teets is leaving to take a new position with the City of Belle Glade.

City Manager Lomax Harrelle said Mrs. Teets will become the new Assistant to the City Manager/Community Relations Specialist as of May 11.

Mrs. Teets submitted her resignation to the Chamber board last week, saying the job had been challenging but I feel the salary is not commensurate with the time, duties, and travel required."

In an interview Tuesday, Mrs. Teets said "The city is

really making great strides and I want to be a part of that. People just can't sit back and complain. They've got to be part of the solution."

Mr. Harrelle said he felt fortunate to get Mrs. Teets as his assistant, noting how well he has been able to work with her in the past.

Most of the property taken in these cases consists of tools, fishing equipment, rods and reels and car radios," Mr. Miller said in a letter to the residents.

Several arrests have been made in the cases and stolen property has been recovered, he said, but there are many things citizens can do to protect themselves from becoming a victim of these types of crimes.

Three men have been arrested in a "rash" of fishing boat burglaries in the

Northeast section.

Suspects are Steve Leon Jordan, age 24 of 548 S.W. 3rd Street, and Jeffery Jerome Williams, age 29 of 27 Everglades Place, Belle Glade and South Bay resident Michael Lamont Clentscale, age 29, of 1150 Palm Beach Road.

Victim Wayne Boswell called police at 2:48 a.m., April 23 and said a man was in his front yard taking property from his boat.

The man ran off before police arrived but officers established a perimeter and a foot search was conducted with the assistance from the Palm Beach County Sheriff's Office.

Police say Williams was located hiding in a hedge and found to still be in possession of fishing equipment. Mr. Boswell positively identified Williams and he was taken to jail and charged with burglary to a conveyance and petit theft.

While searching, police say they noticed a black Chevrolet

in the 200 block of East Canal Street North that appeared suspicious.

Investigation revealed the vehicle contained additional fishing equipment taken from another residence.

The owner of the car was identified as Clentscale, who later confessed to assisting Williams and Jordan on the burglaries.

Jordan was charged with dealing in stolen property and resisting arrest with violence. Clentscale was charged with dealing in stolen property. Williams was also charged with dealing in stolen property in addition to the other charges.

All were taken to the Palm Beach County Jail under \$3,000 bond.

Chief Miller said any residents who have experienced thefts in which the property was not reported stolen should contact the Belle Glade Police Department to see if any property recovered may be theirs.

K-9's and trainers take top awards at state

K-9 Officer and Trainer Ron Shunk is proud of his men and his dogs, and he has every right to be.

The Belle Glade Police Department's K-9 Unit did well at the United States K-9 Field Trial competition April 20-25 in Sunrise.

Ron's dog Nero is now the top search dog in the State of Florida and he also received a perfect score in evidence search.

Trainer Robert Whealan and Mr. Shunk also finished second in the state in the two man competition.

Ralph Smith, a new handler with the department, finished

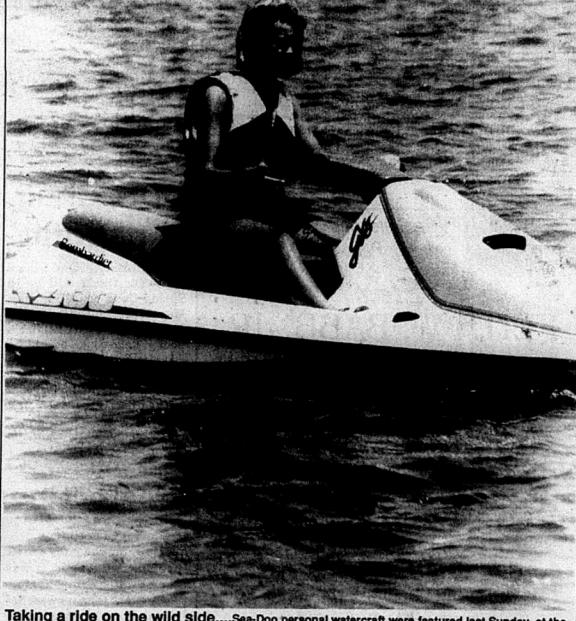

fourth in the novice division and third in agility and search. Smith and his dog, Harry, logged no time on the streets as of yet, according to Mr. Shunk, which made their performance a pleasant surprise.

"I'm entirely pleased with this K-9 Unit," Shunk said. "They all work eight hours shift and work K-9's on top of this."

Being a K-9 dog handler takes a lot of commitment, according to Mr. Shunk, and requires involvement from the whole family.

Rash of burglaries reported

Door-to-door canvassing was done in the Northeast section of Belle Glade last week, as officers passed out pamphlets on how residents can protect themselves from burglary.

Public Safety Director Michael Miller said a rash of burglaries and thefts have been occurring in the Northeast section of the city.

"Most of the property taken in these cases consists of tools, fishing equipment, rods and reels and car radios," Mr. Miller said in a letter to the residents.

City will use camera to view deep well blockage

By Brenda Bunting

Editor

As much as \$15,000 may have to be spent by the City of Belle Glade to unblock a stoppage in the Deep Well Injection system.

City commissioners agreed Monday night to authorize Briley, Will and Associates to begin seeking for the cause of the problem at the Wastewater treatment plant.

Ken Robinson, Administrator of the water and sewer plants said operators at the plant began noticing a decrease in the amount of effluent being pumped down the deep well and an increase in the well pressure the latter part of March.

He told Public Works Director Frank Green that due to the high flows, some effluent was diverted to the pond and that on March 27th, 28th and 29th the pond overflowed into lateral canal 1-2N.

A television camera will be inserted into the well to see where the blockage might be.

The community is invited to attend the performance.

CDS Choir to perform

The Christian Day School Crusader Choir will be in Spring Concert on Tuesday, May 12 at 7:30 p.m. at the Dolly hand Cultural Arts Center, Belle Glade.

Under the direction of Miss Robin Waggoner, the choir will perform what Miss Waggoner says will be one of their best performances.

The community is invited to attend the performance.

Correction

Last week we attempted to correct a cutline in a picture for the baby crawl event at Black Gold. It was apparently wrong again. Baby Crawl winners were 1st place, Jordan Mustafa, son of Erika Gelger, 2nd place, Corri Morgan Burch, daughter of Bryan and Sharrona Burch, and 3rd, we hope, Candi (Scooter) Walston, daughter of Herbert and Diane Walston.

Officials believe a rock may have fallen into the well in an area where the casing stops.

City Manager Lomax Harrelle said the work would begin as soon as possible because bypassing the well was a violation of the Environmental Protection Agency regulations and they were anxious to have the problem remedied.

"If a boulder has blocked the passage they will have to clear it out," Mr. Harrelle told commissioners.

The cost of the drilling and checking of the well will be shared by the City of South Bay. They also send their effluent to the system.

In other business, the commission:

- learned that 18 of 19 substandard buildings in the city have been demolished. The remaining building to be demolished is at 549 S.W. 7th Street.

That unit is still standing because the owner is still living in the house and is awaiting

Palm Beach County approval of a replacement home, according to Ed Lowery, Administrator for Community Development.

- Gave approval for up to three people to attend a Special Law Enforcement Conference on Preventing Crime in the Black Community if there was enough funding and time for another office to register.

Commissioner Dan Bythwood requested that a white officer also attend the training after he learned that one black officer and a civilian would be attending.

- Adopted a resolution authorizing a Special Use Exception for a retail Tire and Mounting store to be located at 217 N.E. 1st Street.

- Agreed to sponsor the Summer Food Service Program for Children at Lake Shore Elementary, Lake Shore Civic Center, Glades Central and Noah Covenant Villas during the months of June, July and August.

Lunch will be provided free for over 1,200 eligible children.

Chiles asked to step in with Health Care District problems

By Bill Phillips
Staff reporter

Pahokee -- Tuesday was money moving night as Pahokee City Commissioners passed ordinances authorizing moving funds from one account to another following a recent audit of the City's books.

Perhaps the most important resolution was 92-24 which involves health care for the Western Communities of Belle Glade, Pahokee, South Bay and unincorporated areas of the

West County area and Hendry County asking Governor Lawton Chiles to intercede under the Entitlement of Florida Public Law Statute 218.513 on behalf of the citizens of Pahokee and pay Everglades Memorial monies totalling 1.2 million dollars due from the Palm Beach County Health Care District.

Other resolutions were:

1. A resolution 92-14 permanently transferring \$825,577.89 in excess funds

from the water and sewer account to the general fund for making improvements.

2. A resolution 92-15 amending resolutions 91-45 and 91-46 by reducing the total amount of \$484,418.55 by \$80,490.55.

3. A resolution 92-16 transferring \$33,537.54 from the general fund capital improvement account to the marina campground fun and authorizing expenditure.

personally contact each board member and let them know what HUD has laid out for them. He said, "I would hate to appoint another board but HUD could force the issue."

Meanwhile, Randy Mills is drawing his \$38,000 per year salary from an account which Chaplin said was unconnected to HUD money. According to Chaplin, Mills is not supposed to have anything to do with the day to day operations of the Housing Authority.

Julia Hale, acting housing authority director, is currently responsible for running the

authority during an executive director's absence.

During Tuesday's Pahokee City Commission meeting, Commissioner John Norman asked why the PHA had still not signed the water and sewer agreement with the city.

He said, "This matter has been pending long enough. If the Housing Authority is functioning, I fail to see why the agreement cannot be reached."

He asked City Attorney Michael Stauder, "Is the board having their monthly meetings?"

Attorney Stauder said, "Yes." Commissioner Norman said, "Then what is the hold up on signing this agreement between the city and the PHA?"

"Apparently, they are waiting on a permanent executive director before signing," said Mr. Stauder.

"Then they are frozen," said Norman. "How can they conduct business like this? This has been on our agenda for years and I for one would like to see the issue resolved."

"I don't know what else to tell you," said Stauder.

Teets resigns at Chamber

"Sue is a dynamic, detailed person and she has a lot of contacts in other governmental agencies, which is a plus."

Over 260 applications were received for the position since outgoing Assistant Jim Humphrey announced he was leaving the position to go into business for himself over six weeks ago.

Mr. Humphrey will be vacating the position next week.

The citizens of Belle Glade, and myself in particular, are fortunate to get someone with Sue's qualities," said Mr. Harrelle.

Mrs. Teets moved to the area from Macon, Georgia in 1964 with her husband, Frank. They

have four grown children, David, Jim, Kelly and Becky.

She is a graduate of Stetson University and holds a Masters Degree in Education and English from Mercer University in Macon.

She taught Senior English and Communications and was the Activities Director at Glades Day School for 10 years.

She said she feels the Chamber made great strides during the five years she served as director and she was looking forward to seeing many more innovative programs sponsored by the Chamber of Commerce.

"I want the directors to know that I'll be here to help in any way I can," she said.

During her tenure, the

Chamber launched Leadership Glades, a program where leaders of the community got together once a month for a day of education on various aspects of the Glades.

The Chamber also spearheaded an Image Campaign with WPTV Channel 5 and ran vignettes depicting the laid-back lifestyle and attributes of the Glades.

Mrs. Teets serves on many committees and has been active with the Black Gold Jubilee Committee for several years. She has served as Secretary for the Jubilee for two years. This year, the committee dedicated the 1992 Jubilee booklet to her in honor of her contributions to the organization.

Justice system is unfair

I would like to know why Willie James Outer was released after two years when he was supposed to do nine and one-half years for a similar crime?

This type of person should never get out. Judges, or people who let them out, or feel sorry for them should be the victims of one of these acts. Then let us ask them how they feel afterwards and should they be released.

Se ha ido, Dios mio, sin volver a Cuba.

Mas que la certidumbre de saber que, la sombra impenetrable de la muerte, a partir de ya, se interponia entre nosotros. De saber que ya no volveríamos a verlo ni a sentir el calor que irradiaba su presencia. Que ya no volveríamos a oír su voz que era un canto de optimismo y de esperanza en la libertad de Cuba; ni a reiterarle, con la nuestra, todo el cariño y la admiración que nos inspiraba, ni a sentir la presión de su mano que nos levantaba el ánimo, cuando nos veía con el ánimo caido.

Mas que todo eso, nos golpeó el sentimiento la triste realidad de ver que el se ha ido, dejando tronchado su ideal. Llevaba a Cuba a cuestas y anhelaba volver a ella. A reconstruirla, a luchar por ella, a morir en ella Tenía un montón de años, pero estos le pesaban menos que su virilidad y su coraje, valores intrínsecos de su espíritu, que no le fallaron a la hora del regreso. Pero su corazón, quizás por demasiado grande, le jugó una mala pasada.

Shunk and Wheelaahn both have Belgian Malinois dogs, which Shunk says is the up and coming police dog in the country. Smith's dog Harry is a German Shepherd.

Shunk said the Malinois dogs

are excellent work dogs who are prey driven and retrieve driven. Many other departments in the state are now using the Malinois dogs.

Chief Miller says he gets requests from all over the state for Shunk to train their K-9 dogs, and he has at times helped other police departments.

Sea-Doo demo rides draws crowd in Pahokee

By Bill Phillips
Staff reporter

Citizens of Pahokee were able to take a ride on the wild side last Sunday as Glades Honda & Sea-Doo gave free demo rides to anyone interested in trying one out.

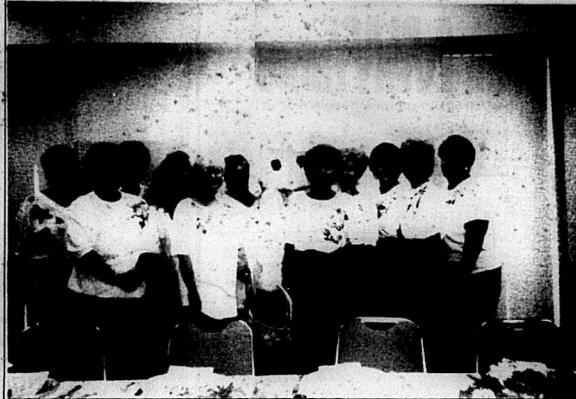

A Sea-Doo is a one man boat, for those of you have not seen one. They are ideal for lake living and lake fun.

More than a hundred area residents turned out to see and try out the fun. It was a beautiful windy day on the big lake and even though the water was a little choppy the Sea-Dos had no problems.

While Glades Honda was giving out free rides, the Phi Theta Kappa sold Hot dogs and cokes to benefit the Pahokee Little League.

See photo page 1.

Mrs. Elsie L. Singletary, Essence President, was the contest coordinator.

Wading and fishing....These anglers were wading out about knee deep into the edge of Lake Okeechobee inside the breakwater last Sunday and were pulling in Shadcracker about as fast as they could bait their hooks.

Not off the peer but from the edge....Fishermen were lining the banks of Lake Okeechobee last Sunday catching Shadcracker, brim, and catfish. Cane poles and worms were the bait used and some crickets.

A.C.T. to show Hound of Baskervilles at John B. Boy Auditorium on May 8 and 9

It may be "elementary" to Mr. Holmes, but the clues to the numerous deaths upon the moors are not as clear to the other characters of Sir Conan Doyle's "Hound of Baskervilles". Actors Community Theatre will unravel the mystery May 8 and 9 at 8 p.m. at John B. Boy Auditorium.

As in all of Doyle's mysteries involving the super sleuth, there is a cast of most interesting characters. Playing Sherlock Holmes is veteran actor and Belle Glade teacher Pat Machin, remembered for his performance in "Sound of Music" and "South Pacific". His staid but esteemed colleague Mr. Watson, is portrayed by

Clewiston teacher, Earl Romig, who made his A.C.T. debut with "Guys and Dolls" last November.

Present owner of Baskerville Hall since the untimely demise of Sir Charles is Sir Henry, a nobleman beset upon by a curse. This character is certainly a departure from Belle Glade coach Frank

Lasagna's usual comedic roles. With the aid of a "Tweedie" and ample Lady Agatha Mortimer portrayed by yet another Belle Glade instructor, Sandy Cook, Sir Henry secures the aid of Holmes in ridding the hall of Holmes in ridding the hall of the curse.

General suspects of the murders include a number of persons. First, there is a

slightly sinister butler played by retired Clewiston postman Ralph Causseaux; then his overruled wife, played by high school math teacher, Johanna Huss; a desperate business woman, Laura Lyons, played by Clewiston drama coach, Kaye Sagna, a vivacious scheming Kathy Stapleton played by Belle Glade's Brenda Lee, an

A.C.T. newcomer; her "brother" Jack, an emotional psychotic played by another new Belle Glade resident and postman, Gene Duda.

Perhaps the only one who doesn't appear to be a suspect is the precocious young servant, Perkins, played by 14-year-old Shannon Dobrow, also of Belle Glade.
